Creek Valley School

The Creek Valley School girls of the Senior Grades have formed a walking club, and their walk during Easter was to A. Baxter's farm where Mrs. Baxter gave them tea and cake.

Inspector Gray has sent in his report on his inspection of the School and examination of the scholars, and it is a very gratifying document to Trustees, Scholars and Teacher. A verbatim extract from the report being: "The Board have in Mrs. Teetzel an excellent teacher, capable and energetic. Her work shows good organization and planning. No time seems to be lost during school hours, and her pupils are much interested in school. They are receiving real instruction."

During the past week petitions have been circulated all through the proposed Municipal Hospital District, in this part of the province. Little or no opposition was met by those who took the petitions around, and the required number of signers were secured in each of the various townships. The proposed district comprises thirty-one townships and takes in Compeer, Bideford, Kirriemuir, Monitor and Consort.

W. G. MacKenzie is able to be around again after being confined to his home for the past five weeks.

L. E. Larder and H. J. McGirr motored to Delia, last Sunday, and are spending a few days there.

Next week will see the wind-up of the wheat seeding in this district. The crop is coming along fine and all the early seeded fields have sprouted and are showing above the ground.

The farmers report that there is considerable moisture in the ground.

Meeting Postponed

The meeting of the G. W. V. A. called for tomorrow afternoon has been postponed for a week.

The meetings of the Stonelaw U. F. A. have been changed to Saturday, and an extra meeting held each month at Gregerson.

Considerable excitement prevailed around town the other day when young Johnnie Tkchanko was put in the lock-up, for a few hours. He was supposed to have nearly shot another boy, but we don't know how near. The youngsters were playing with an old revolver and someone might have been injured when the gun was discharged.

WANTED

Will pay cash for a real classy driving team. Must be fast yet gentle. J. S. Noad Sec. 24-33-1 Monitor

BUSY BIDEFORD

We are glad to report the flu has now disappeared and there is, as far as we know, no cause for further anxiety with the old cases and no new cases.

Easter Sunday found the Bideford Church well filled with people from far and near. A special feature was the excellent music from Mrs. Almond and the Misses Kallman, of Bideford, and Miss Burgoyne and Mrs. Brown of Consort. Rev. McNutt of Consort assisted in the Service. The sermon was on the Resurrection and its connection with our life today.

We pass on one petition in Mr. Brett's prayer that seemed to us to express the greatest need of modern life. "Help us to live for the things that count, and to employ our time and talents in the best way in the service of God and man."

Let us add to this Browning's thought:

"The common problem, yours, mine, everyone's, is—not to fancy what is fair in life

Provided it could be—but finding first

What may be, then find how to make it fair."

We are asked to enquire who it is who desecrates the graves in our prairie Cemetery? There can be no act so despicably mean and pitiful as to steal from the dead, and if it is found out who removed the railing from the grave of Mr. McLeod the perpetrator of this outrage may expect the limit of the law.

We call attention to the fact that the uninvited guests that call daily and help themselves to whatever is to be had, be it seed wheat at \$2.33 which they rooted out of a wagon, or garbage from a pail, they will find themselves with nothing left but a squeal. We hope Pete will manage to run over the bunch then there won't even be the squeal left. Good people, please pen your pigs right now, it is a disgrace to see them making a barnyard of Bideford High St.

The Easter holidays were much enjoyed by the teacher and pupils. Miss Inkster entertained a party of friends on Easter Monday, the Misses Cohee of Compeer, Mrs. and Master Bethairs, Mrs. Thomas and the Newsman.

We shall be glad to know of any new talent in this district. If you can sing or recite, fiddle or perform any stunt at all kindly send in your name to the Newsman, for the coming W. I. concert.

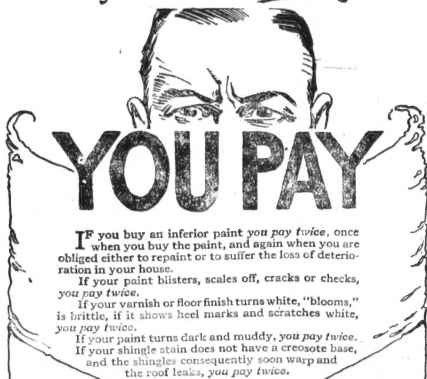

The W. I. met at the home of Mrs. N. D. Robinson to hear the report of the delegate to the Conference. There was an animated discussion led by Mrs. Conquest, Vice-Pres., and opposed by Mrs. McLeod, delegate, supported by the whole Institute on the desirability of opening a Rest Room in town for the convenience of out-of-town shoppers and strangers. Mr. Robinson offered the ladies accommodation in his store for one year rent free, Mrs. Conquest offered to be responsible for the initial expenses of partitioning and fitting it up with necessary furniture, as well as acting as cleaner and caretaker.

Both offers were refused, the reasons given being that some had no time to rest in a store, while some would only consent to rest under right conditions.

The experimental Store Rest Room had much interested some of the lecturers at the Conference, Mrs. McClung, Miss M. McIsaac, Miss Noble, and others to whom Mrs. Conquest had consulted in the matter, and we blush for Bideford that we shall have to report to these ladies that the women turned it down with one accord. At least one would have thought they would have been anxious to try it out.

It is illogical to condemn what has not proved a failure. It was intended to influence the physical, intellectual, social and ethical life of the community, but we seem to be condemned to remain a village without a vision. In 1918 the women refused to receive a free course in War Cooking, and in 1919 they will not entertain an idea which has been proved of great advantage to rural life in other towns. The object of the Conference was to give us inspiration to make the W. I. a vital force, but in Bideford we suffer from the dead hand.

"Save the surface and you save all" *Paint & Varnish*

If you buy an inferior paint you pay twice, once when you buy the paint, and again when you are obliged either to repaint or to suffer the loss of deterioration in your house.

If your paint blisters, scales off, cracks or checks, you pay twice.

If your varnish or floor finish turns white, "blooms," is brittle, if it shows heel marks and scratches white, you pay twice.

If your paint turns dark and muddy, you pay twice.

If your shingle stain does not have a creosote base, and the shingles consequently soon warp and the roof leaks, you pay twice.

TWICE!

REFUSE TO DO IT!

Insist upon having for your house or barn a paint with a long and honorable history. Buy B-H paints. Use common sense and be safe! They are sold here.

**Every Farmer
In This District
Should Read The
Nor'-West Farmer**

Western Canada's Oldest Farm Paper

If you are already a subscriber you will want to renew your subscription for another year, and if you are not a subscriber to it you ought to be. No farmer in these days of high prices and labor shortage can afford to do anything but his very best. Through a good farm paper you will get ideas worth many times the small subscription price. Each issue of The Nor-West Farmer is full of valuable information that any up-to-date farmer can use to his own direct advantage. It is edited for the whole farm family. If any reader wants information on any subject relating to either their farm problems or anything else The Nor-West Farmer information bureau will get that information for them. Their official veterinarian and legal adviser is at the service of every subscriber, free of all charge. If you have a weed problem, a soil drifting problem, a feed problem, tractor, automobile, or gas engine trouble of any kind, read The Nor-West Farmer, and you will soon get a wealth of ideas from the experience of other farmers who have experienced and solved similar difficulties. The Nor-West Farmer is a "round-table," around which the best farmers of Western Canada meet. Will you be one of them?

Note and Comment

Oxpropylensisoamylamine is the name of a heart stimulant. The probable dose is one syllable three times a day after meals.

It should be remembered that the purpose of a town is not alone that of a trading centre. It should be a centre both for amusement, education and improvement generally, and unless it is it cannot hope to hold its place, because the average person cannot live by bread alone, or even by groceries and meat, but must have the other things that make life worth living, and they are going to go where they can get them.

—Strathmore Standard.

25 cents buys a Thrift Stamp.

A Sale of Repairs

The farmer gazed with a heavy frown Upon his seeder, broken down, Then hastened to the nearest town To buy repairs.

He told the dealer of his woe, How many rounds he had to go, But not a number did he know, Nor seemed to care.

"The part I want," he wisely said, "Is hollowed out and painted red. I had the number in my head, But I forget."

It holds the thingumbob in place About an inch from that long brace That fastens to the big main base And keeps its set.

"You surely know just what I mean, It broke before on this machine, The what-you-call-ums its between And just behind The thing which moves along like that, About as big as this old hat Would be if you should smash it flat, I think you'll find."

The dealer sighed and shook his head, "I don't know what you mean," he said "We'll have to search the extra shed, So come along."

If you would only tax your brain So that the number you'd retain, Or bring the old part in, 'tis plain You'd not go wrong."

From end to end he searched the bins, Claved over castings, bolts and pins, And skinned his fingers and his shins; It made him "cuss."

But still he searched with sinking heart (He'd seen two customers depart), And in the last bin found the part— 'Twas ever thus.

"That's it," the farmer cried in glee, "I thought 'twas number thirty-three Now, what's the price of that, to me? Great Jumpin' Frogs!

Not forty cents? An awful rate For a thing that hasn't got no weight. Oh, well, just put it on the slate Till I thrash my hogs."

—Exc.

Arrangements have been completed for the summer courses for returned soldiers at the University of Alberta, Edmonton, commencing on May 10th and continuing until the 12th of Sept. Returned men only will be admitted to these courses and the Department of Education will furnish the tuition in these courses free. All those likely to attend should advise the Department at once

so that all courses required may be included in the plans.

MONITOR: ALTA.

Help the Y.M.C.A. Finish its Work For Soldiers

Help the "Y" Construct the Manhood that will Re-construct Canada

ALL the world now knows that the Red Triangle of the Y.M.C.A. was the "Sign of Friendship" to thousands of your brothers, sons, nephews, cousins and neighbours in the last four and a half years. Wherever the Canadian Soldiers went, the "Good old 'Y'" went too. And now it is coming back home with them!

For the support which has made possible the war work of the Y.M.C.A. we thank you. Your money has been well expended. We have rendered full account.

We ask now your continued sympathy and support for Red Triangle Service for our Soldiers during demobilization, and for Y.M.C.A. work for Canada generally during the Reconstruction period. The Annual Red Triangle campaign will be held throughout Canada May 5th to 9th, 1919. The objective is \$1,100,000.

The Y.M.C.A. will keep its chain of Service unbroken till the end.

For Our Men Returning

For the soldiers and their dependents, returning from Overseas, we have provided as follows:—

1. A Red Triangle man on board every ship when it leaves Great Britain, with a full equipment of games, gramophones and records, magic lantern, literature and writing materials. Where possible, also a piano or an organ. Lectures, concerts, sing songs, instruction re Government, repatriation plans, and Sunday Services.

2. Red Triangle comforts and facilities for the men on arrival at Halifax, St. John, Quebec and Montreal, including coffee stalls, with free drinks, free canteens, cigarettes, candies, etc.

3. Red Triangle men on every troop train to provide regularly free drinks, canteens and cigarettes, organize games and sing songs, and furnish information.

4. Red Triangle free canteen service, information bureau, etc., at each of the 22 Dispersal centres in Canada.

5. Red Triangle Clubs in the principal cities of Canada in the shape of large Y.M.C.A. hostels to furnish bed and board at low rates and to be a rendezvous for soldiers.

6. Seventy-five Secretaries to superintend Red Triangle service in Military Hospitals, Camps and Barracks throughout Canada.

7. Tickets entitling soldiers to full Y.M.C.A. privileges for six months at any local Y.M.C.A. furnished.

In addition to our work for the returning soldiers, we have to maintain the Red Triangle service to the full for the soldiers in Siberia, as well as the work of special secretaries in Northern Russia, Palestine and Poland.

For Canada's Manhood

The Reconstruction program of the Y. M. C. A. includes the following vitally important developments:—

1. An increased service to 300,000 teen-age boys in the Dominion—the development of Canadian Standard Efficiency training; Bible Study groups; summer camps; conferences; service for High School boys, for working boys, in the towns and cities; for boys on the farm and for boys everywhere, who have lacked opportunity for mental, moral, physical or social development.

2. Inauguration of Y.M.C.A. work in the country, and the smaller towns and villages lacking Association buildings and equipment, on a plan of county organizations. This will include the establishment of Red Triangle centres for social, recreational and educational work among boys and men, in co-operation with the churches.

3. The promotion of Y.M.C.A. work among Canada's army of workers in industrial plants, both in Y.M.C.A. buildings and in the factory buildings, organizing the social spirit among the industrial workers of our cities by meetings, entertainments, games and sports.

4. The establishment of the Red Triangle in isolated districts where lumbermen, miners and other workers hold the front trenches of industry.

5. Besides these main fields of increased activity for 1919, we have to provide for enlarged work among railway men, college students and for our campaign to encourage physical and social education. Under all our work we place the fundamental foundation of manly Christianity.

Canadian
Red Triangle Campaign
\$1,100,000 May 5 to 9
Canada-Wide Appeal

Y.W.C.A.

For the wives and children Overseas, dependent upon Canadian soldiers, and for Y.W.C.A. work in Canada generally, a sum of \$175,000 from the Red Triangle Fund will be set aside for the Dominion Council of the Y.W.C.A., which is caring for the soldiers' women folk, and their little ones on the long journey from Liverpool to Canada, and is also extending its work for Canadian girls.

For their sake also be generous when you make your contribution.

FOR the sake of our victorious soldiers and their dependents, and the happiness of their home-coming; for the sake of our future citizens, our teen-age boys; for the sake of rural life in Canada; for the sake of the social betterment of the toilers in factory and workshop; for the sake of lonely men and boys in our mines and forests; for the sake of Christian Society and Canadian manhood—we appeal to you. Give us your contribution, little or big. Be as generous as you can.

Hand your contribution to the canvasser when he calls, or if you live where it is difficult for him to call, send it by check, money order or registered letter to the National Treasurer, Red Triangle Campaign, 120 Bay Street, Toronto.

Please Note:

We are not asking for money to carry on our work Overseas, with the Army in Great Britain, France or Belgium. That work will continue at its maximum for some months, financially provided for by the liquidation of our assets Overseas, and will not terminate till the last man has sailed for home.

National Council, Young Men's Christian Associations of Canada
